Ere Perez Natural Macadamia Oil Lip Colours & Rosehip Oil Lipbars

NOURISHING AND TOTALLY VEGAN!

Following the success of its original and the only natural rosehip oil "nude" Lipbar, Ere Perez Natural Cosmetics has added a gorgeous collection of five new nourishing Lipbars and Lip Colours to its three- step beauty range of simple, practical and healthy [makeup](#). Ere Perez Natural Lipbars and Lip Colours are not only beautiful, they also give protection from the sun and are totally vegan!

Ere Perez Lipbars and Lip Colours are made with natural ingredients, including rosehip and macadamia oils and approved by Cruelty Free. Children trying out mummy's lipsticks can also do so safely because they're natural!

The new collection comprises four tinted "Lipbars" (a nourishing, softening and glossy cross between a lipsalve and lipstick) and two moisturising "Lip Colours" (same consistency as a regular glossy lipstick).

Subtly tinted with natural colour and with SPF15, Ere Perez Natural Lipbars feel like a non-sticky gloss that just melts into the lips. Enriched with Vitamin E and with Rosehip Oil's healing and anti-aging properties, lips will be healthy and sexy. The colours of the Lipbar collection are so subtle they're hardly there, but once applied really lift the lips to add a delicate, natural-looking touch of colour.

RRP \$19.95

- LOVE: is almost clear with a slight pinky tint and a lovely edible smell!
- LIFE: has a reddish tint - a great tone for brighter and sexier natural winter looks.
- HOPE: has a hint of purple, a versatile colour that looks great in all skin tones. This lippy will be donating funds to "Mision Mexico", giving even more HOPE to the children.

"LIP-SMACADAMIA" GOODNESS WITH ERE PEREZ NATURAL LIP COLOURS!

Ere Perez's new Lip Colours (thicker and creamier than the Lipbars) are Vegan, the two only tones are made from natural macadamia oil and enriched with Vitamin E.
RRP \$24.95

The two beautiful colours moisten, protect with SPF15 and help heal the lip skin. They are designed to suit every skin tone, so there's no need to spend ages choosing the right shade. YOU and ME are tones specially made to achieve a natural looking makeup and can be worn alone or with any other Ere Perez product:

- "ME" is a beautiful caramel neutral brown, great for women with naturally blonde, red and warm shades of brown [hair](#). They are best if you look good in gold jewellery and are beautiful on tanned or olive skins (neutral yellow undertones = warm tones)
- "YOU" is a natural pinky-brown tone, perfect for women with fairer complexions; for women with naturally dark or grey hair colour and anyone that looks best in silver jewellery (neutral blue undertones = cool tones)

The realistically priced product range is available from selected pharmacies, health food stores, beauty salons and gift shops. For more information and stockists go to www.ereperez.com.
