Clarins 'Cedar Red' Joli Rouge Lipstick
 "Being a brunette I find choosing the right colour red difficult, however this was great for me - not too red, but just right! The smooth, shiny but not-too-sticky texture keeps lips luscious and soft."
 Melissa B

Natural Almond Oil Mascara
 by Ere Perez Natural Cosmetics
 "Great product. Nice lash coverage with no clumping or irritation. And it was easily removed with normal cleansing." Pam

Benefit Justine Case
 "The mint gloss was very pepperminty, makes lips tingle, but not if you apply Benetint first. Makes for a very natural colour on the lips - cheeks look natural as well. Easy to apply from the mini Justinecase set."
 Melissa R

NP Set Liquid Veil in Moscow
 by Napoleon Perdis
 "This barely-there tint leaves a natural soft shimmer, the cream is lightweight and has a lovely subtle fragrance." Jo

Eau de Star by Thierry Mugler
 "It's sweet but not too much. A warm, feminine and soft fragrance. My husband even asked me what perfume I was wearing and that's unusual." Melissa B

NP-SET Passport-Brush Set
 by Napoleon Perdis
 "This compact brush set makes applying my powders much easier, their quality is easily felt by their smoothness and softness and the beautiful travel pouch makes them totally unique." Toni

Model Co Fatlash
 "Fatlash glides on smoothly without clumping and delivers on its promise of full, natural-looking lashes. It does not smudge, yet cleans off easily, which is an added bonus." Hayley

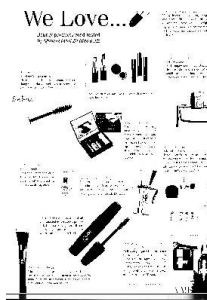

MAC 187 Duo Fibre Brush
 "This large full circular brush is so soft and I found it perfect for lightweight application of face powder. The bonus for me was no bits of brush hair ended up on my face - definitely good quality." Cheryl

Creme De La Mer Moisturizing Cream and Lifting Face Serum
 "Still widely regarded as the creme de la creme of moisturisers this is the kind of super-product you might want to add to your bridal gift registry! Packed with a 'miracle broth' of ingredients, and my skin showed results within days!" Rhonda
