CELEB BEAUTY

Inside Jacinta Tynan's
BEAUTY BAG

The Sky News presenter shares her tips

On top of her hair bags, Jacinta says exfoliation keeps her looking good.

Daily eye protection is essential.

What are your beauty bag essentials?

I always use moisturiser with sunblock (Eucerin Laxer Day/Wear Plus Multi-Protection Anti-Oxidant Cream SPF 15, \$85), then tinted moisturiser as foundation just to be sure (M.A.C. Select Tint SPF 15, \$45).

Do you have any colour make-up staples?

I've just discovered multi-brush. I like Bare It Pink Delight gloss, \$15. Much in Pretty Pink/Plak Pink, \$21, and Cover Max Hydrating Foundation, \$26. And M.A.C. Bronzing powder, \$39, gives me a glow.

What are your top skincare products?

Trilogy Organic Rosehip Oil, \$25, Clinique Rise-Off Foaming Cleanser, \$38, and Jurlique Lip-Care Balm, \$20. Herbal Recovery Eye-Gel, \$32, and Purely Age-Defying Night Lotion, \$65. For some colour I use Dove Summer Glow Body Lotion, \$9.99.

Is there a product you can't live without?

Clinique sunblock, \$39 - I keep a bottle in my handbag all year round. I wish I had been told years ago to be so vigilant.

What's your best beauty bargain?

Nails Daily Protection Face Moisturiser SPF 15, \$14.95. I always keep some with me.

Have you had any big beauty blunders?

There were plenty in the '80s - did I mention the perm? Since then, it's been the occasional bad spray tan. **NE**

did you know?

If silver jewellery suits you, choose blue, green and lilac for eye make-up. If it's gold, opt for peach, brown and dusty pinks.

CELEB SECRET

Eye Perse's natural make-up is loaded with vitamins, minerals and oils and it's caught the attention of local celebs such as Shelley Craft, Jane Hall, Catherine Rowntree and Karina Brown - they are all dedicated fans. We love the Tinted Skin Powder, \$33, which is a perfect match to every skin tone and gives a healthy glow to cheeks, as well as the lips.

TREND ALERT

SHORT FOR SUMMER: We love Cate Blanchett's sassy new shorter hairdo, but her hairstylist Renya Kydis admits making the cut was nerve-racking! 'She has three kids so she was up for the change, but it was just before a red-carpet event so there was the added pressure,' she says. 'I think it highlights her cheekbones - it's sleek and sexy and yet still feminine. She can have fun with it.' A new cut is like having a holiday. Renya adds!
